Economy Service	4/lb
Premium Service	6/lb

How it works

- Ship a package and ask your shipping agent to sign you up for the Package Rewards program *(all they have to do is fill in your email address and check a box)*.
- After the agent completes your order, you will receive an email with a login link to your rewards account. You can login to check your points.
- When you have 1000 points, the next time you ship your agent will ask you if you want to use your points toward the package. He will tell you the discounted amount. You can use the points or save them for later.
- You can share points by using the same email address when shipping a package. Your email address is your unique key to your rewards account.

Example: 1000 points = \$25 toward your package.

It's that simple. Sign up and start saving today!

Rewards points can only be used through our shipping system for shipping package discounts only. Rewards points do not have a cash value and cannot be used for any other services.
